Your summary of benefits

Anthem BlueCross

Anthem Blue Cross

Your Plan: Anthem PPO HSA-H 2000/6000 20/40

Your Network: Prudent Buyer PPO

This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the formal Certificate of Insurance or Evidence of Coverage (EOC). If there is a difference between this summary and the Certificate of Insurance or Evidence of Coverage (EOC), the Certificate of Insurance or Evidence of Coverage (EOC), will prevail.

Tier 4- 40% coinsurance up to $250 per prescription (retail only).

Your summary of benefits

Notes:

- This Summary of Benefits has been updated to comply with federal and state requirements, including applicable provisions of the recently enacted federal health care reform laws. As we receive additional guidance and clarification on the new health care reform laws from the U.S. Department of Health and Human Services, Department of Labor and Internal Revenue Service, we may be required to make additional changes to this Summary of Benefits. This Summary of Benefits, as updated, is subject to the approval of the California Department of Insurance and the California Department of Managed Health Care (as applicable).
- In addition to the benefits described in this summary, coverage may include additional benefits, depending upon the member's home state. The benefits provided in this summary are subject to federal and California laws. There are some states that require more generous benefits be provided to their residents, even if the master policy was not issued in their state. If the member's state has such requirements, we will adjust the benefits to meet the requirements.
- For subscribers with dependents, this plan contains an embedded deductible, meaning that the cost shares of one family member will be applied to the per member deductible and per member out-of-pocket maximum; in addition, amounts for all family members apply to the family deductible and family out-of-pocket maximum. No one member will pay more than the per member deductible and per member out-of-pocket maximum.
- Pharmacy deductible and pharmacy out of pocket is combined with medical deductible and out-of-pocket.
- This plan is an innovative type of coverage that allows a member to use a Health Savings Account to pay for medical care. The member can spend the money in the HSA account the way the member wants on medical care, prescription drugs and other qualified medical expenses. There are no copays or deductibles to satisfy first. Unused dollars can be saved from year to year to reduce the amount the member may have to pay in the future. If covered expenses exceed the member's available HSA dollars, the traditional health coverage is available after a limited out-of-pocket amount is paid by the member.
- All medical services subject to a coinsurance are also subject to the annual medical deductible.
- Annual Out-of-Pocket Maximums includes deductible, copays, coinsurance and prescription drug.
- In network and out of network deductible and out of pocket maximum are exclusive of each other.
- Preventive Care Services includes physical exam, preventive screenings (including screenings for cancer, HPV, diabetes, cholesterol, blood pressure, hearing and vision, immunization, health education, intervention services, HIV testing) and additional preventive care for women provided for in the guidance supported by Health Resources and Service Administration.
- For Medical Emergency care rendered by a Non-Participating Provider or Non-Contracting Hospital, reimbursement is based on the reasonable and customary value. Members may be responsible for any amount in excess of the reasonable and customary value.
- If your plan includes out of network benefit and you use a non-network provider, you are responsible for any difference between the covered expense and the actual non-participating providers charge.
- Non-emergency, out-of-network air ambulance services are limited to Anthem maximum payment of $50,000 per trip.
- Certain services are subject to the utilization review program. Before scheduling services, the member must make sure utilization review is obtained. If utilization review is not obtained, benefits may be reduced or not paid, according to the plan.
- Certain types of physicians may not be represented in the PPO network in the state where the member receives services. If such physician is not available in the service area, the member's copay is the same as for

PPO (with and without pre-notification, if applicable). Member is responsible for applicable copays, deductibles and charges which exceed covered expense.

- Additional visits maybe authorized if medically necessary. Pre-service review must be obtained prior to receiving the additional services.
- If your plan includes out of network benefits, all services with calendar/plan year limits are combined both in and out of network.
- Transplants covered only when performed at Centers of Medical Excellence or Blue Distinction Centers.
- Bariatric Surgery covered only when performed at Blue Distinction Center for Specialty Care for Bariatric Surgery.
- Skilled Nursing Facility day limit does not apply to mental health and substance abuse.
- Respite Care limited to 5 consecutive days per admission.
- Freestanding Lab and Radiology Center is defined as services received in a non-hospital based facility.
- Coordination of Benefits: The benefits of this plan may be reduced if the member has any other group health or dental coverage so that the services received from all group coverage do not exceed 100% of the covered expense
- Preferred Generic Program: If a member requests a brand name drug when a generic drug version exists, the member pays the generic drug copay plus the difference in cost between the prescription drug maximum allowed amount for the generic drug and the brand name drug dispensed, but not more than 50% of our average cost of that type of prescription drug. The Preferred Generic Program does not apply when the physician has specified "dispense as written" (DAW) or when it has been determined that the brand name drug is medically necessary for the member. In such case, the applicable copay for the dispensed drug will apply.
- Supply limits for certain drugs may be different, go to Anthem website or call customer service.
- Certain drugs require pre-authorization approval to obtain coverage.
